

Year 4 Home Learning

Week ending: 5th October 2018

Every Friday, your child will be allocated time to write their homework in their diary. Please feel free to let myself or Mrs. Payne know if you feel the homework is causing stress or exceeding the one-hour guideline.

****Homework is due in every Tuesday (or Monday!)***

Spellings:

Every Monday, your child will receive their spelling sheet. I have set three challenges for the spellings. It is up to your child to choose their challenge of how many spelling they would like to learn. Your child should be encouraged to complete as many spellings as possible. Children should complete a minimum of 8 sentences in their spelling homework book using their own words. The spelling test will take place on the Friday morning. Children will then be provided with a new set of spellings on the Monday. Children will be tested on Homophones and Near Homophones on the 8th October 2018.

****I strongly encourage the children to spend more time learning their spellings.***

Mathematics:

This week in Maths, Year 4 have been exploring both mental strategies to gain a deep conceptual understanding of methods whilst building their procedural fluency. Next week, children will be focusing on column addition and subtraction.

The homework, will be based on what your child has learnt throughout the week.

****Times Tables: Please practice Times Tables as much as you can. I cannot emphasis the importance of them.***

Year 4 have been set Times Tables targets this week. If your child is confident they know their Times Tables, they can approach myself or Mrs. Payne.

Reading:

It is also important to read with your child daily so that they maintain and improve their reading standard. We would like to have around 15 minutes every night, but we appreciate this is not always possible. Please record any reading done in their reading books.

English:

In Year 4, we are currently reading 'The Wind in the Willows' and all children seem to be really enjoying it. Children have come up with amazing ideas for their writing and have produced excellent pieces of work. The class have completed descriptive writing and have started a new topic 'Persuasive Writing'. Please continue to emphasize the importance of punctuation.

****Well done for working really hard on your punctuation Year 4!***

Messages:

River trip on the 16th October 2018

Wishing you all a lovely weekend.

Miss Craig and Mrs. Payne
