

## **Park Street School Accessibility Plan 2018-2019**

At Park Street C of E Primary School our school motto 'Together We Learn, Together with God' reflects our commitment to a school where everyone is valued and included, including the carers and families of the children that attend and other visitors to our premises. Children are provided with high quality learning opportunities so that every child attains and achieves all that they are able to. We want every member of our school community to feel they truly belong and are valued. We work hard to recognise everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school committed to improving children's confidence and self-esteem.

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that: 'schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion, belief or sexual orientation.'

According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

### **Objectives**

Park Street C of E Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to develop a culture of inclusion, support and awareness within the school.

The school recognises parent's knowledge of their child's disability and its effect on their ability to carry out everyday activities and respects the parent's and child's right to confidentiality.

Our Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practical.

The Accessibility Plan contains relevant and time actions to:

- Increase the extent to which pupils with disabilities can participate in the curriculum;
- Improve the physical environment to enable disabled pupils to take better advantage of the education, benefits, facilities and services provided.
- Improve the availability of all accessible information for disabled pupils.

The Accessibility Plan should be read in conjunction with the following school policies, documents and strategies:

Behaviour Policy

Curriculum Policies

Health and Safety Policy

Medical Conditions Policy

School Development Plan

School Information Offer

SEND Policy

The Accessibility Plan for physical access relates to the Access Audit of the school, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. An audit will be completed by the school at the end of each two-year period covered in this plan in order to inform the development of the next plan.

The Accessibility Plan will be published on the school website.

The Accessibility Plan will be monitored through the resources committee.

It is a requirement that the school's Accessibility Plan be resourced, implemented, reviewed and revised as necessary and reported on annually.
