

Y5 Home Learning

Week beginning: Monday 25th March 2019

Your child will be given time to write their homework in their diary. Also, they should be keeping a record of their reading. If you have any concerns about their learning or homework please do not hesitate to come and talk to me or Mrs Danton.

Spellings

Your child will have already received their spelling sheet. I have posted a copy in our home learning page.

The children are to choose their challenge of how many spellings they will learn. If you wish them to learn more, then this is absolutely fine.

The children should then complete a minimum of 8 sentences in their spelling homework book using their chosen words. The sentences should be complex using a range of vocabulary.

If you feel the sentences or presentation are not of a high standard, please do hesitate to ask your child to try again. The spelling test will take place on the following Friday. Their new words will be set then.

This week, we are revising a range of spelling strategies.

Reading

Please encourage your child to read every day. This could be by themselves or with an adult. Please record all reading in the diary.

English / SPAG/Topic

Our English work this week will focus on the Battle of Troy.

The children will be constructing poetry in order to capture the range of emotions that the key characters would have gone through.

School Play.

We are now only one week away from the dress rehearsal of our school play. The children will now be performing without scripts and song words. Please keep practising.

Mrs Danton and I will be organising most of the costumes but if we need anything we will contact you.

A letter will be going out this week about final arrangements.

Mathematics

Focus

Estimate and compare acute, obtuse and reflex angles; draw given angles, measuring in degrees; identify totals of angles at a point and on a straight line.

Please feel free to use the Mathematics program at home to support their learning. All the children have their codes in their diaries..

Also, the children could use the Topmarks Website to support their learning.
