

Y5 Home Learning

Week beginning: 10th February 2020

Your child will be given time to write their homework in their diary. Also, they should be keeping a record of their reading. If you have any concerns about their learning or homework please do not hesitate to come and talk to me or Mrs Danton.

Please can you ensure that your child comes to school with the correct equipment. Children are still coming to school ill-prepared for the school day.

Spellings

Our spelling focus for the coming weeks is the Year 5/6 key words.

Your child will have already received their spelling sheet.

The children are to choose their challenge of how many spellings they will learn. If you wish them to learn more, then this is absolutely fine.

The children should then complete a minimum of 8 sentences in their spelling homework book using their chosen words. The sentences should be complex using a range of vocabulary. The spelling test will take place on the following Friday. Their new words will be set then.

The homework should be handed in Thursdays so it can be marked ready for Friday.

Reading

Please encourage your child to read every day. This could be by themselves or with an adult. **Please record all reading in the diary.**

Topic/English

This week is Feel Good Week and Internet Safety week.

We will be completing a range of activities linked to the theme of uniqueness. One of these activities will be completing a walk across the pits to support the local community by litter picking. Friday 14th February is Feel-good day.

Tuesday 11th February is Internet Safety Day. The focus is all 'Free to be me.' It refers to what information we are sharing online.

This week, we will continue with our work on the Secret Garden.

I look forward to meeting you all at Parents' consultations this week.

Mathematics

Key Concept

Convert between different units of metric. Measure (for example, kilometre and metre; centimetre and metre; centimetre and millimetre; gram and kilogram; litre and millilitre)
Solve problems involving converting between units of time

The homework this week will focus on a variety of mathematical concepts.
