

Year 5 Home Learning

Week beginning 5th October 2020

In our maths lessons, we have been looking rounding numbers to the nearest 10, 100, 1000, 10 000, 100 000 and 1 000 000. We have been using number lines to help us do this. Most of us feel confident with this concept but at times find it tricky when the question is in a worded problem. Please continue revising this at home. We have also been looking at Roman Numerals, which we all seemed to have a good understanding on!

This week's maths homework is on purplemash this week with a focus on rounding.

This week's spellings are on our home learning page and their quiz is on purplemash. We have been looking at elements of newspaper reports. This week's English homework is on the home learning page and is linked to fact and opinion and newspaper articles.

Homework is due on Friday 9th October

That's all for this week. As always, thank you for your continued support and if you need to get in contact with me, catch me at the gate at the end of the day or phone through to the office.

Best
Miss McVeigh
