

## Year 5 Home Learning

Week beginning 23<sup>rd</sup> November 2020.

This week in maths, we have been looking at prime numbers and finding prime factors. This week's maths homework is on mathematics - division facts and factors.

During our English lessons, we have been focusing on writing an extended piece using figurative language, subordinate clauses and dialogue. I have not set English based homework this week but would instead like the class to do a written piece for anti-bullying week:

For your homework this week, I would like you to write either a poem, a rap or a song based on what you could do to stand up against bullying. You can either post these on our blog for everyone to have a look at, or you can come and perform them to the rest of the class.

As always, spellings are on the home learning page along with the quiz on purple mash.

### **Reminder:**

Year 5 will have their 2<sup>nd</sup> sharing assembly on Friday 27<sup>th</sup> November.

That's all for this week. As always, thank you for your continued support and if you need to get in contact with me, catch me at the gate at the end of the day or phone through to the office.

Best  
Miss McVeigh
