

Year 5 Home Learning

Week beginning 9th November 2020

Welcome back! I hope you all had a lovely half term.

This week in maths we have been looking at multiplying and dividing by 10, 100 and 1000 including decimals. There is a sheet on the home learning page for homework. Everyone must do questions 1-3. Question 4 is an extra challenge.

During our English lessons we have been reading *The Cloud Tea Monkeys* and discussing how the writer uses figurative language (adjectives, similes, metaphors, alliteration etc) to engage the reader. For this week's homework I have set a 'to-do' on purplemash asking the children to describe an interesting or exciting scene. I have put some pictures on the home learning page to help them with this. I would like them to describe one of the pictures using a range of figurative language.

Spellings are on the home learning page and there is a quiz to go along with these on purplemash.

That's all for this week. As always, thank you for your continued support and if you need to get in contact with me, catch me at the gate at the end of the day or phone through to the office.

Best
Miss McVeigh
