LET YOUR
LIGHT SHINE!

Friday 12th January 2024

Dear Parents/Carers,

Welcome back to the new term and a special welcome to all our new families that have recently joined us. What a positive start to the term we have had! It has been wonderful to see children excited about their new topics and launch days.

We continue to be committed to fostering an environment where curiosity is sparked, creativity is nurtured, and each child feels valued and supported.

You will soon receive a link to a parent survey. When you have a spare moment, we would be very grateful if you could take a few minutes to complete this. Your opinions help us determine what we are doing well and how we can improve further. Parental involvement plays a crucial role in the success of our pupils and your input is valued.

Class teachers have now shared the learning that will be taking place this half term with you. If you have any questions about this, please feel free to contact them.

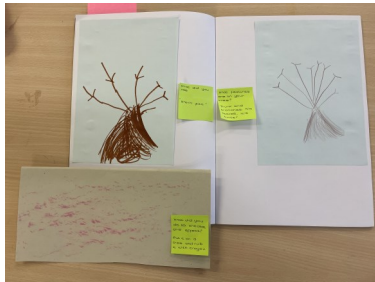

Have a lovely weekend!

Monique Gregory
Headteacher

Our Curriculum in Action

EYFS

Early Years have been working hard this week to create beautiful artworks showing the tree in our garden. We have used paint, crayons, pens and pencils. For our final piece we tore paper and stuck it in the shape of the tree. What amazing artists we are!

Year 1

Year 1 had a great time during their Forest School session developing their building skills and exploring their natural environment. The children had a lovely session despite the cold weather.

Year 2

Year 2 had a fantastic Forest School session this week. The children got to make bird feeders and hang them around the school.

Year 3

In Year 3 we had some Cleopatras, Nefertitis, Tutankhamuns, Pharaohs, Mummies and other Ancient Egyptians in our classroom this week. We had great fun launching our new topic and Year 3 even learnt to write their own names in Hieroglyphics!

Year 4

Year 4 had their first coaching session with Watford Football Club today and thoroughly enjoyed participating in the outdoor activities and learning about their resting pulse rates.

Year 5/6

Ancient Greek Launch Day: We had an absolute blast, experiencing the mini-Olympics, making temples and exploring the creation of mosaics. Looking forward to many more exciting launch days.
