LET YOUR  
LIGHT SHINE!

Friday 26th January 2024

Dear Parents/Carers,

What another busy and productive week we have had! Year 1 had a great time visiting the Radlett Reform Synagogue finding out all about Judaism and Year 4 made their own delicious margherita pizzas at Pizza Express as part of their learning all about Italy. We look forward to all the other exciting enrichment opportunities that are yet to come.

Next Friday we will be taking part in the NSPCC Number Day where children are invited to come to school wearing number related clothing. It is a great opportunity to apply their skills and have a fun filled day of maths! It is also a special fundraiser for the NSPCC who work hard to help keep children safe. If you would like to donate, you can do so through Arbor: Fundraising. More information can be seen within this newsletter.

Thank you to those of you who have been able to complete our parent survey. If you haven't had a chance yet, do not worry as it will remain open over the next few weeks. We are so pleased with the positive feedback and great suggestions for further improvement received so far. It is vital that we continue to work together to ensure the best outcomes for Park Street pupils!

Have a lovely weekend!

Monique Gregory  
Headteacher

## Our Curriculum in Action

### EYFS

What marvellous mathematicians we are in Acorns and Saplings! We have been exploring the composition of different numbers and had great fun finding the many ways of representing them. We have also been building our own 'Numberblocks' and finding 'one more' and 'one less' than different numbers. Well done EYFS!

### Year 1

This Tuesday, Year 1 visited the Radlett Reform Synagogue. It was a great morning, learning lots of new things as well as seeing our previous learning in action. We looked at the prayer books and found Hebrew writing, we dressed in a tallit and kippah and tasted some food. We had the opportunity to look at the Torah close up and spotted many features of the synagogue including the Ark and lovely stained glass windows. It was lots of fun!

### Year 2

In our recent D&T lesson, Year 2 learnt the skills of peeling, slicing, chopping and grating ready for when they make a Spring Roll. As you can see, they had a lot of fun!

### Year 3

Year 3 have really enjoyed developing their speed stacking skills in their PE lessons. Speed stacking helps to develop co-ordination and focus. Some of the children will be taking part in a competition against local primary schools. We will update you on how they get on!

#### Year 4

This week's field trip was one for the books! We absolutely loved our field trip to Pizza Express and a bonus adventure to the library where we listened to stories and explored the different books on offer. At Pizza Express, we learnt how to make pizzas from a real pizza maker from rolling out the dough to delicately placing the cheese. Overall, it was a truly wonderful experience for the class and one we won't forget.

#### Year 5/6

This week Year 5/6 had an amazing week in Mini Police getting to try on parts of their uniform. Not only that, but they also had the chance to see the inside of the vehicle and try out the sirens.
