

MEET THE GOVERNOR

BARBARA GRAHAM

ABOUT ME

I have been a Governor at Park Street since 2016. Prior to retirement, my career as a primary school teacher led me to teach in Hertfordshire and London. My passion for education for each and every child includes seeking opportunities for children to develop academically, personally and socially. I enjoy walking, gardening, travelling and reading. My family is super important to me and I spend as much time as I can with my grandchildren.

MY FAVOURITE PLANT IS...

A violet!

Violets are fragile and fragrant. They thrive in harsh conditions, often hidden under hedgerows. In early spring, their vibrant colour and sweet smelling scent herald the coming year. We should never underestimate the strength and presence of this small, determined flower which holds its own and gives pleasure to others in so many ways.

MEET THE GOVERNOR

FRASER CAMPBELL

ABOUT ME

**FLOURISH
AND LET
YOUR LIGHT
SHINE**

I grew up in Scotland but worked in England for many years, firstly as an accountant in industry and more recently as a school bursar.

I love to see children flourishing and I want every pupil of Park Street School to have the opportunity to fulfil their potential.

As a Christian, I feel closely aligned with the ethos and values of the school in which every individual is special.

MY FAVOURITE PLANT IS...

Scottish Heather. It reminds me of many happy days walking in the Scottish mountains. Whatever the weather, I find mountains impressive and awe inspiring, but never to be under-estimated.

MEET THE GOVERNOR

KATIE LEWIS

ABOUT ME

I have been a Governor since starting at Park Street School in 2021. I joined the governing body as I believe that the work they do to support our school is really valuable.

I have a passion for inclusive education and children's well-being.

In my spare time I enjoy dog walks with my family and going out for dinner with my friends.

MY FAVOURITE PLANT IS...

A sunflower! Sunflowers remind me of my favourite season, Summer. I also find it fascinating that sunflowers follow the sun. They are beautiful to look at, especially those that grow to 10 feet tall!

MEET THE GOVERNOR

NICK WEIR

ABOUT ME

I've been a foundation governor since 2015. I joined when I became vicar of the parish church - Holy Trinity Frogmore. I have loved being part of the community of Park Street School: as a parent, as vicar and as a governor. I particularly enjoy being in school to lead Collective Worship on Wednesday mornings and getting to know school staff and families.

I enjoy the things church and school do together such as the 'Hotshots' club, 'Christingle' and school services at our church.

MY FAVOURITE PLANT IS...

The potato! I'm not a very good gardener so I love potatoes as they seem to grow easily in my garden. I love digging them up as you never know what you will find; but hopefully lovely fresh new potatoes.

MEET THE GOVERNOR

PETER BUCKLEY

ABOUT ME

I am a PCC governor and joined the governing body in 2020. I am a member of a local independent evangelical church. I am very keen to support the Christian ethos of the school, particularly the link with Holy Trinity Frogmore. I grew up abroad and have also lived in most parts of the UK. Professionally I worked as an engineer in the oil exploration industry in the UK and abroad.

Subsequently I joined a secondary school to teach everyone's favourite subject - Maths!

MY FAVOURITE PLANT IS...

I love any plant that requires my favourite pollinating insect: honeybees. The best honey is of course from soft fruits.

MEET THE GOVERNOR

RUTH WARD

ABOUT ME

I have been involved with Park Street School since the mid-1980s, when my children first started attending. I'm both a Foundation Governor, and the SEND Governor, and have been on the Resources Committee for several years. Before retiring, I was a nurse for 46 years, both in hospital and community settings. I'm passionate about seeing children thrive, flourish, and succeed as the school helped my children to do.

MY FAVOURITE PLANT IS...

Lily of the Valley!
They're hardy, and brighten the darkest months of the year. They have a beautiful scent, and are associated with my birth month.

MEET THE GOVERNOR

LAWRENCE WATTS

ABOUT ME

I joined the board of governors in early in 2025. Both my children attended Park Street school, and it proved to be a wonderful setting for them to learn and flourish. I was asked why I would wish to a governor and my answer is to serve the teachers, pupils and parents in the best way I can.

I worked in banking and finance for some 40 years and my hobbies are gym, golf and flying. I am a member of the Holy Trinity congregation. I am blessed with two grandchildren and have been married to Sue for over 40 years.

MY FAVOURITE PLANT IS...

The cactus plant!

These unusual plants may sit quietly for many years, slowly growing, developing and often enduring arid and harsh conditions and then suddenly they produce the most colourful and spectacular flowers that light up the ground around them.

MEET THE GOVERNOR

AMY TATUM

ABOUT ME

I joined the board of governors at Park Street school as Parent Governor in 2025 - the same year my eldest son joined the school within the Early Years setting. As parent governor, I'm passionate about making a positive difference to all our children's educations and in supporting the school in providing them with the best education possible. Outside of school, I have two young boys and have worked in finance for over 20 years. These, alongside our two family dogs keep me very busy!

MY FAVOURITE PLANT IS...

My favourite flower is the peony because of their beautiful, lush, full blooms. They also smell beautiful and symbolise love, honour, good fortune and prosperity.
